**TITLE :** Capacity

**DESCRIPTION :** This is installation that is made to address over use of cellphone. The images of people using cellphone is collected first to photoshop its background to black and white to illustrate the phenomenon that people are disengaged with the environment around them. The images are made to look like the app with the delete buttons on the top.

**CREDIT :** Xiaoling Chen

**MEDIA USED :** Photograph, painting, wiring, constructing the canvas.

**TITLE :** A day of an overwhelming brain

**DESCRIPTION :** This is a public installation that records a day of my daily life to show the usage of cellphone, the cup represents the brain, as the day goes on it will become more and more dark.
